## TMAX™ 16K MECHANIC TRUCK

Productivity is at the heart of the TMAX 16K. Quality-built for long-term performance, the TMAX 16K aluminum mechanic truck is compatible with a range of electric and hydraulic cranes and can be customized with a variety of accessories to meet your needs.

Best of all, the TMAX 16K aluminum mechanic truck is loaded with design and engineering features that help you get the job done efficiently day in and day out.

# ADDITIONAL INFORMATION

## New Features for 2025 TMAX Models:

- Mounting rails integrated within compartments allow for fully customizable configurations.
- Ease of wiring access with added pre-drilled holes between compartments for seamless wiring installation.
- Easily add a wide range of mechanic service truck accessories, like bale-handle drawer sets and bolt bins for better organization.
- Hydraulic reservoir design features a top-mounted filter for easier maintenance.
- Simplified back-end design minimizes welded holes on the truck body for improved performance.
- Mudflaps positioned to wire guards to avoid interference with exhaust systems.

## Proven Performance:

- Available in either 9' or 11' bodies.
- Proprietary crane mount ties into the exclusive aluminum extruded top and leaves aluminum crane compartment open for full use.
- Aluminum extruded top with drill-free mounting rails make it easy to add a wide range of mechanic service truck accessories.
- Aluminum sidepack and doors reduce weight and corrosion, allowing for more payload and longer life.
- Rear bulkhead fittings for electric and/or hydraulic lines for crane.
- Bodies feature either a bolt-on 14" steel step bumper or a bolt-on 21" steel workbench bumper with an integrated full-width long bar storage compartment and vise mounts.
- Roller-type boom support helps center the crane boom when stowing.
- Stainless-steel billet-style hinges have hidden fasteners and a rugged 5/16" stainless-steel rod for years of heavy use.
- Multi-function stop/turn light provides an additional backup light and can be synced to a strobe light's flash pattern when used together.
- Rotating master-lock system for security.
- Exterior mounted light box provides easy mounting for work lights and other accessories while minimizing entry points into the body.
- 3-point compression latches keep weather-stripping tight while allowing easy access.
- Double-panel 1/8" aluminum tailgate with hinged arm brackets provides a stout working surface.
- 250-lb capacity, adjustable divider shelves made of spangled galvanized steel.
- Complete undercoating, with minimum of 6.5 mils of petroleum base material, provides extra protection from corrosion and road debris.

- Easily add a wide range of mechanic service truck accessories.
