The Difference Is Performance!

Reliable obstruction removal with forward jets and sharp edge design

The Triple Edge Quattro Nozzle is an excellent penetrating nozzle for a variety of applications. Deformed pipes, sand, mud, roots, trash, or other blockages inevitably yield to this high-performance nozzle. The combination of four forward jets and sharp edges of the Triple Edge Quattro make it an ideal selection for total blockage removal.

Triple Edge Quattro Nozzles have Tier One and Tier Two efficiency ratings, are manufactured from hardened stainless steel. This nozzle is available with steel or titanium ceramic inserts.

6 rear Jets at 8° and 12°
