

VJT1500

An enclosed jetter truck offering simple operation and the most accessibility on the market.

This unit offers simple operation and the most accessibility on the market with 6-ft. wide door openings on three sides. Operator ergonomics are at the forefront of this machine with a height adjustable control panel to suit all operators. The hose reel on the VJT1500 can be used outside of the enclosure even with the doors closed to keep your water system protected during extreme weather.

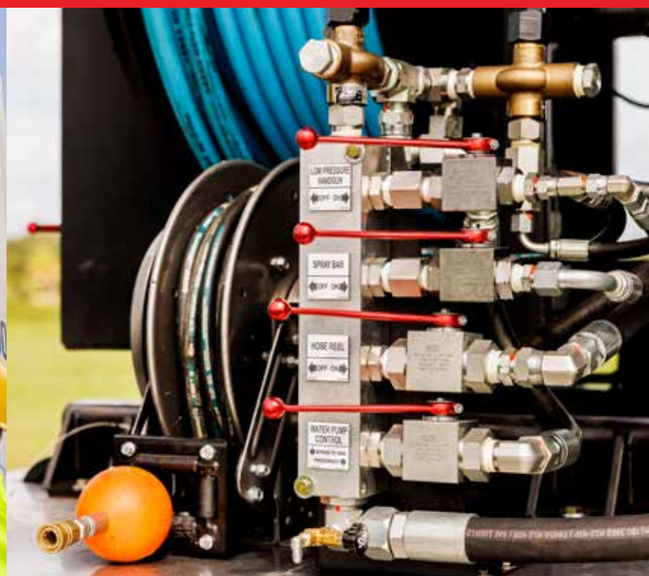

Cold or hot, rain or shine, the VJT1500 is an operator's go-to for pipeline cleaning and jetting.

- More standard features included than any unit on the market
- Easy to operate
