Product Spotlight

Expert™ 2000 Dual Helping-Hand - Side Loader

The EXPERT(t) 2000 Helping Hand™ is a drop frame, side loading unit perfectly adapted for manual or fully automated refuse or recycling collection operations on both sides. Also, if you have one way streets, the operator will always be in the same direction than the traffic.

Versatile with Optimized Unit Ownership

The EXPERT(t) 2000 Dual Helping Hand™ is one of the most versatile units available on the market. Any municipality or private hauler that needs to pick up bags curbside or street side will still have the right unit for the job when switching to an automated collection program. This units fulfills the industry's evolving demands for years to come.
